

Dear Doctor.

My name is Alejandra Romero, I am a second year pediatric dental resident at Nova Southeastern University. My mentor Dr. Romer Ocanto (Chair of the department of Pediatric Dentistry at Nova Southeastern University) and myself are conducting a survey to highlight the current practices for promoting the concept of the "Dental Home" among pediatricians. As Part of the study, we aim to investigate the knowledge and attitudes of pediatricians towards children's oral health. The Nova Southeastern University Institutional Review Board approved this study. The data collected from this study may be used to create awareness of the importance of establishing an ongoing relationship among the pediatric dentist, the patient, and the parent inclusive of all aspects of oral health care.

We invite you to participate in this 26 question, multiple-choice survey. Your participation is voluntary and anonymous. No personal information will be recorded or used in any part of the research process. Kindly respond within two weeks of receiving this email.

You may open the survey by clicking on the link below:

<https://redcap.nova.edu/redcap/surveys/?s=hHAIzJ6H7I>

Thank you for your participation. Please feel free to contact me if you have any questions regarding the survey.

Sincerely,
Alejandra Romero, D.M.D.
